

FOR IMMEDIATE RELEASE:

## Wilwood Disc Brakes Announces Wilwood Corvette Challenge & Speed Ventures Partnership for 2024

Camarillo, CA • April 2024

Wilwood Disc Brakes is proud to announce a continued partnership with Speed Ventures on the Wilwood Corvette Challenge for 2024. Wilwood’s sponsorship of the Corvette Challenge is now in its ninth year. Speed Ventures hosts a multitude of time trial competitions on the West Coast, allowing sports car owners to get out in a safe track environment and push their vehicles to the limit on a road course. Whether you own a Corvette, Nissan, BMW, Honda, Mustang, or other spec race car, Speed Ventures has a Challenge Series for you to compete in and enjoy some exhilarating seat time competing with other owners with comparable cars.

The Wilwood Corvette Challenge is an excellent way for our current and prospective customers to test their vehicles’ suspension, brakes, and other O.E. or aftermarket components to get real-time feedback on what parts work well and which ones have room for improvement. Partnering with Speed Ventures is a perfect opportunity for Wilwood to be involved in this growing genre of motorsports that tests both man and machine. These West Coast events are hosted at many well-known tracks, including Willow Springs, Buttonwillow, Las Vegas Motor Speedway, Spring Mountain, Laguna Seca, and Chuckwalla. For more information, go to [speedventures.com](http://speedventures.com) or [wilwood.com](http://wilwood.com).
