

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Announces New Front and Rear Direct-Mount Replacement Calipers and Brake Kits for the 1997-2013 Corvette

Camarillo, CA • August, 2015

Wilwood is pleased to announce the release of the SLC56 front and DPC56 rear direct-mount calipers and kits for all C5, base model C6, and Corvette brake-equipped hot rods using 12.80" front and 12.00" rear diameter OE style rotors.

The calipers feature forged aluminum bodies with stainless steel pistons, internal bore seals, stainless steel bridge abutment plates, and internal piston damping springs. Kits with red or black calipers and pads, or kits with calipers, pads and SRP series drilled and slotted e-coat rotors are configured for full compatibility with the factory ABS system and master cylinder output. The calipers will accept the OE rubber hoses, with optional DOT compliant stainless steel braided flexlines available separately.

M.S.R.P. for individual calipers starts at \$314.99 each, or complete kits starting at \$839.93.

SLC56 and DPC56 Front/Rear Calipers
