

FOR IMMEDIATE RELEASE:

Wilwood's new bolt-on high performance Big Brake Kit for the Honda Fit

Camarillo, CA June 14, 2010

Wilwood has designed a new Big Brake Kit for the new Honda Fit using race proven technology. The part number [140-6163](#) kit features Forged Billet Dynalite four-piston calipers in the buyer's choice of red, or black. The kit comes with large diameter two-piece, slotted and cross-drilled rotors with Wilwood's latest BP-10 Smart Pads, all of which have been designed to shorten stopping distances, improve handling, and eliminate dressed-up overworked stock components. This kit has been designed to fit some 16-inch wheels and most 17-inch and larger wheels.

Wilwood High Performance Brake Kits are loaded with cutting edge technology built on years of domination in world motorsports and are engineered for easy bolt-on installation. Wilwood's Big Brake kits are designed to meet the high performance demands of today's tire, wheel and suspension technology. This outstanding disc brake kit is available at your Wilwood dealer.
