

**FOR IMMEDIATE RELEASE:
Wilwood Disc Brakes Introduces Their New Brake Assembly Lubricant**

Camarillo, CA May 6, 2010

Apply our new Wilwood Brake Assembly Lubricant to rubber seals, dust boots, piston bearing surfaces and cylinder walls when assembling or overhauling wheel cylinders, disc brake calipers, and master cylinders. This lubricant will ensure smooth bind-free caliper piston travel and will prevent corrosion on piston cylinder walls. It will also reduce rapid part wear and improve sealing. The lubricant is compatible with DOT 3, DOT 4, and DOT 5 SBF. Available in a convenient 4oz bottle (p/n [290-11087](#)) or 12oz bottle case (p/n 290-11086).
