

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Introduces New Brake Kits for the 1966-77 Ford Bronco

Camarillo, CA • January, 2014

Wilwood's new disc brake kits for the 1966 – 1977 Ford Bronco offer a simple bolt-on installation to the original equipment Dana 30 and Dana 44 front axles and Ford 8-Inch and 9-Inch rear ends.

To cover the 1966 – 1977 year range, Wilwood has come up with three different kit combinations for the front: DynaPro 6 calipers on 11.75" diameter rotors, and Superlite 4 radial mount calipers on either 12.88" or 14.00" diameter rotors.

For the Ford 8-Inch or 9-Inch rear ends, three kit combinations are also available, each with Wilwood's internal drum parking brake feature: DynaPro 4 calipers on 12.19" diameter rotors, and Superlite 4 calipers on either 12.88" or 14.00" diameter rotors.

The calipers included in these kits are available with either black or red powder coat finishes. Superlite 4 calipers are also available with Wilwood's high-tech Quick-Silver finish. All kits include vented rotors made from Wilwood's exclusive **Spec 37** cast iron material, and are available in HD plain face, GT competition series, or SRP series drilled and slotted patterns. Also included are BP-10 compound "Smart Pads", precision machined and application specific caliper mounting brackets, premium grade hardware and DOT approved braided stainless steel flexlines.

Front kits:

- 1966-75 Bronco: P/N [140-13303](#) 11.75" diameter rotors with DynaPro 6 calipers
- 1966-75 Bronco: P/N [140-13304](#) 12.88" diameter rotors with Superlite 4 radial mount calipers
- 1966-75 Bronco: P/N [140-13329](#) 14.00" diameter rotors with Superlite 4 radial mount calipers
- 1976-77 Bronco: P/N [140-13305](#) 12.88" diameter rotors with Superlite 4 radial mount calipers
- 1976-77 Bronco: P/N [140-13330](#) 14.00" diameter rotors with Superlite 4 radial mount calipers

Rear kits:

- Ford 8-inch: P/N [140-13320](#) 12.19" diameter rotors with DynaPro 4 calipers
- Ford 8-inch: P/N [140-13321](#) 12.88" diameter rotors with Superlite 4 radial mount calipers
- Ford 8-inch: P/N [140-13332](#) 14.00" diameter rotors with Superlite 4 radial mount calipers
- Ford 9-inch: P/N [140-13322](#) 12.19" diameter rotors with DynaPro 4 calipers
- Ford 9-inch: P/N [140-13323](#) 12.88" diameter rotors with Superlite 4 radial mount calipers
- Ford 9-inch: P/N [140-13333](#) 14.00" diameter rotors with Superlite 4 radial mount calipers

Wilwood Disc Brakes kits and components are loaded with cutting edge technology built on decades of domination in world motorsports, and proven reliable through Zero PPM defect supply to OEM's.
