

FOR IMMEDIATE RELEASE:

Wilwood Announces New Compact Remote Master Cylinder

Camarillo, CA • January, 2017

Wilwood's Compact Remote Tandem Master Cylinders offer an expanded range of mounting options for hard-to-access or space-limited applications. Left and right hand pressure outlets allow the cylinder to be fed with either direct mount or remote feed fluid reservoirs.

Four bore sizes (7/8", 15/16", 1" and 1-1/8") can be matched to a wide range of brake caliper combinations in either power or manually actuated systems.

The master cylinders are offered with a protective black e-coat finish or media burnished bright finish for a polished look. Each kit includes a pair of 7 ounce capacity plastic reservoirs and all necessary hardware. Billet aluminum reservoirs and stainless braided flexline kits are also available.

MSRP starts at \$279.95.
