

FOR IMMEDIATE RELEASE:

Wilwood Introduces New XT6R Carbon-Ceramic Front Disc Brake Kits for 2015-2017 Ford Mustang

Camarillo, CA • November 2017

Wilwood's newest large capacity caliper, the Xtreme Torque XT6R, has been combined with full dynamic mount 15.00" WCCB carbon-ceramic rotors to provide the ultimate lightweight, extreme performance supercar category brake system for the 2015-2017 Ford Mustangs. This system is fully engineered as a direct bolt-on to the OE spindle, with full compatibility to the OE master cylinder output, power brake booster and ABS controls.

Kits include forged aluminum XT6R calipers, pre-assembled dynamic mount hat and rotor assemblies, rotor-specific PCM compound brake pads, caliper mounting brackets and the hardware necessary to mount the brakes to the spindles.

MSRP starts at \$7,965.95.
