

FOR IMMEDIATE PRESS RELEASE
SL4R 12.75" Rear Brake Kits for 2010 Silverado

Camarillo, CA October 1, 2009

Forged billet SL4R four piston radial mount calipers are combined with one-piece 12.75" premium grade iron rotors to provide increased brake performance, rugged durability, and high-tech style to compliment wheel, tire, suspension, and front brake upgrades on customized vehicles, towing rigs, and all others with increased brake requirements from high GVW. Complete kits include SL4R calipers, GT slotted or SRP drilled and slotted performance rotors, high performance low noise, low dust BP-10 compound Smart pads and radial mount caliper bracket kits with premium grade fasteners to mount the calipers to the stock attachment points.
