

FOR IMMEDIATE PRESS RELEASE
Wilwood BP-30 Compound "Smart Pads"

Camarillo, CA June 3, 2010

This newest addition to the Wilwood "[Smart Pad](#)" family delivers high friction, fade resistance, and long wear rates for asphalt ovals, road courses, hard braking dirt tracks, and all other sustained high heat competition. BP-30 beds easily and provides smooth, predictable engagement with excellent modulation qualities and low rotor abrasion. BP-30 pads are now available in the popular plate sizes for all Wilwood and GM configuration race calipers.
