

Aero6-DM “Direct-Mount” Brake Kits

- ✓ 2007-18 **Jeep JK Wrangler**
- ✓ 2018-25 **Jeep JL Wrangler**
- ✓ 2020-25 **Jeep JT Gladiator**

Wilwood's new **Aero6-DM** directly-mounted caliper brake kits are designed to fit most factory and aftermarket 17" wheels for 2007-2025 Jeep JK and JL Wranglers, and Jeep JT Gladiators. Replace the factory floating calipers with Wilwood's net-forged aluminum, six piston calipers and premium alloy one-piece rotors to improve performance and pedal feel in your 17" off-road wheels.

Designed and engineered to fit most 17" and larger wheels providing better thermal capability for numerous types of driving, including towing, commercial and off-road use.

KIT FEATURES:

- Directly mounts to factory spindles and hubs with no modifications or additional brackets
- Provides greater brake torque and increased thermal stability, yet fits behind most 17" wheels and larger

CALIPERS: AERO6-DM

- Stress-flow forged aluminum Aerolite calipers are engineered for direct-mounting with six differential bore pistons for more even clamping force, and closed bridge for minimal deflection
- Compatible with the factory master cylinder, ABS and all electronic controls
- Calipers available in gloss black or red powder coat, or many additional color options (additional charges may apply)

ROTORS: GTB or SRP

- 13.38" x 1.25" premium-grade, long-grain carbon iron alloy vented rotors
- Choose GTB slotted, or SRP drilled and slotted rotors with black E-coat protection

PADS: BP Series “Q” Compound

- New “Q” ceramic-based, dual-sport for everyday street or performance driving (additional compounds available)

INSTALLATION PARTS:

- Stainless steel flexlines and premium-grade hardware included

**Aero6-DM Six Piston Brake Kit
