

Select 1988-2004

HONDA CIVIC / ACURA INTEGRA HM7 REAR BRAKE KIT

Wilwood has released its new Hydra-Mechanical rear brake kits for 1988-2004 **Honda Civics** and 1990-2001 **Acura Integras**. Built around the new **HM7** caliper, these kits combine hydraulic stopping power and a mechanical parking brake in a single caliper.

They offer a lightweight alternative to the factory disc or drum assemblies and pair well with Wilwood's front brake kits for these cars.

KIT FEATURES:

- **HM7** Hydra-Mechanical caliper, stopping and holding power
- Kits are fully compatible with ABS and the factory master cylinder
- Provides secure rear parking brake capability for front wheel drive cars

CALIPER: HM7

- Wilwood's latest Hydra-Mechanical caliper, **HM7**, is lightweight and durable with a refined body design
- **HM7** provides both a rear hydraulic performance stopping brake and a mechanical parking brake in one compact caliper
- Available in **Gloss Black** or **Competition Red** powder coat with many special color options available (additional charges apply)

ROTORS: SRP Drilled & Slotted / Plain Face

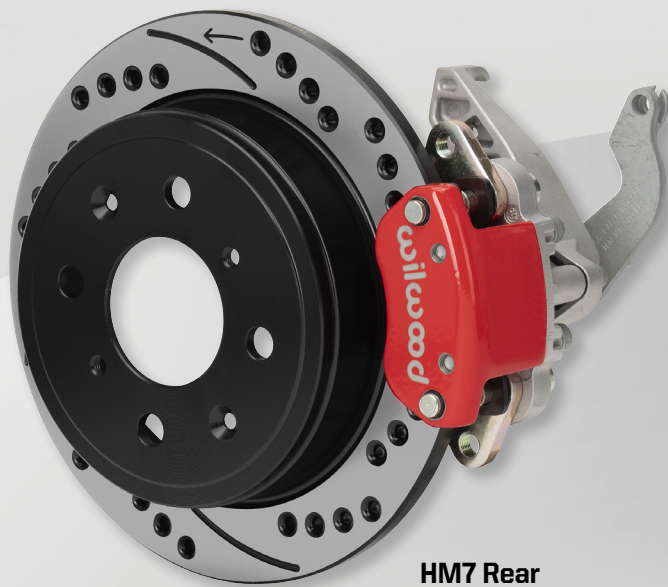

- **9.37" x .39"** rotors are available in either **SRP Drilled & Slotted** or **Plain Face**
- One-piece solid rotor assemblies provide easy installation
- Rotors come black **E-coated** for excellent corrosion resistance

BRAKE PADS: BP-10

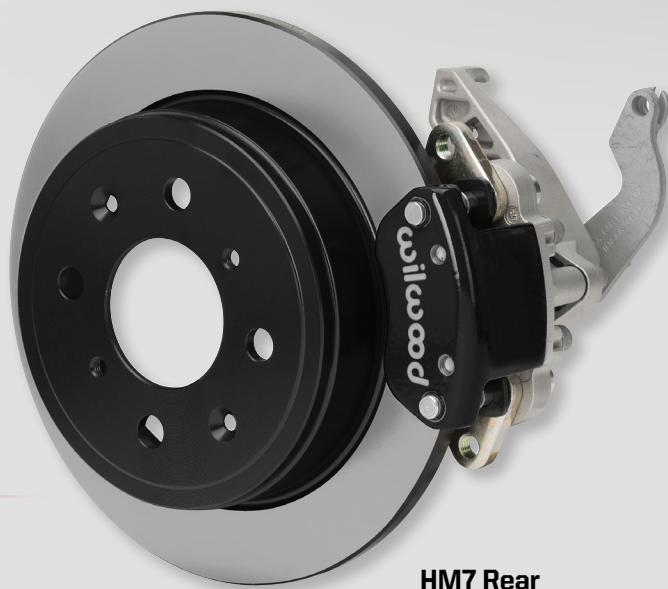

- **BP-10** brake pads utilize a street performance compound with improved friction, lower wear and dust levels with higher fade resistance

INSTALLATION PARTS:

- Bolt-on brake kits come with aluminum mounting brackets, stainless steel **Flexline** kits, premium-grade hardware, and detailed installation instructions. **Note:** parking brake cables sold separately, see wilwood.com for cable [P/N 330-9371](#).
