

C7 CORVETTE 2014-2019 BIG FRONT BRAKE KITS

Wilwood has engineered several new big front brake kit options using 13.06" and 14.00" rotors for the popular C7 Corvette (2014-2019) running the OE upright and hub. Lightweight, forged aluminum caliper options are plentiful. Choose from Wilwood's venerable **FNSL6R** (Superlite), **AERO6R** (Aerolite), or the new next-gen X-bridge **XRS6R** depending upon your style preference and wheel clearance.

Brake kits with **GTB** slotted rotors include Wilwood's **BP-20** compound for higher-performance sport driving, while the **SRP** drilled and slotted rotor kits are matched to **BP-10** street performance pads.

KIT FEATURES:

- Multiple caliper and rotor options adapting to C7 OE upright and hubs
- Two-piece rotor and aluminum hat assemblies are designed for increased thermal/heat dissipation
- Bolt-on installation that works with the factory master cylinder and on-board computers without modification

CALIPERS: FNSL6R, AERO6R, XRS6R

- **FNSL6R** - Forged Narrow Superlite 6 piston radial mount, a performance juggernaut
- **XRS6R** - the next-gen Superlite with X-bridge design for stiffness with superior strength and cooling
- **AERO6R** - Aerolite forged 6 piston radial mount with a massive center bridge for more rigidity
- Calipers available in Gloss Black or Competition Red powder coat with many other color options (additional charges apply)

ROTORS: GTB, SRP

- 13.06" or 14.00" x 1.25" **Spec37** premium-grade iron alloy rotors with 48 or 72 curved vanes, respectively, for efficient cooling
- Choose **GTB** slotted or **SRP** drilled and slotted rotor faces
- Black E-coating applied inside and out to resist corrosion

BRAKE PADS: BP-10, BP-20

- **BP-10** street-performance brake pads included with SRP rotors
- **BP-20** high-performance sport and track-day brake pads included with GTB rotors (other compounds available)

INSTALLATION PARTS:

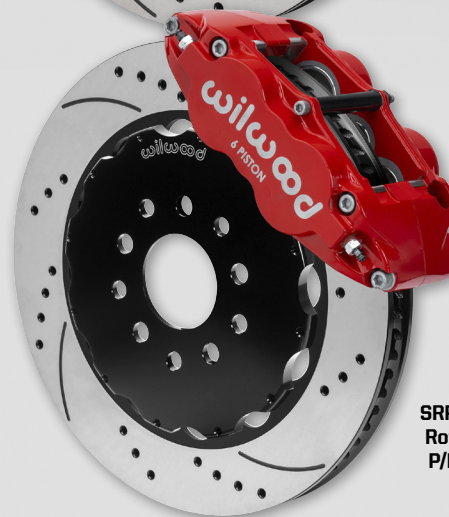

- Includes aluminum mounting brackets and premium-grade hardware (Flexlines available separately to fit your application)

AERO6R
GTB Slotted Rotor
14.00" x 1.25"
P/N: 140-18535-R

XRS6R
SRP Drilled & Slotted
Rotor 14.00" x 1.25"
P/N: 140-18533-DR

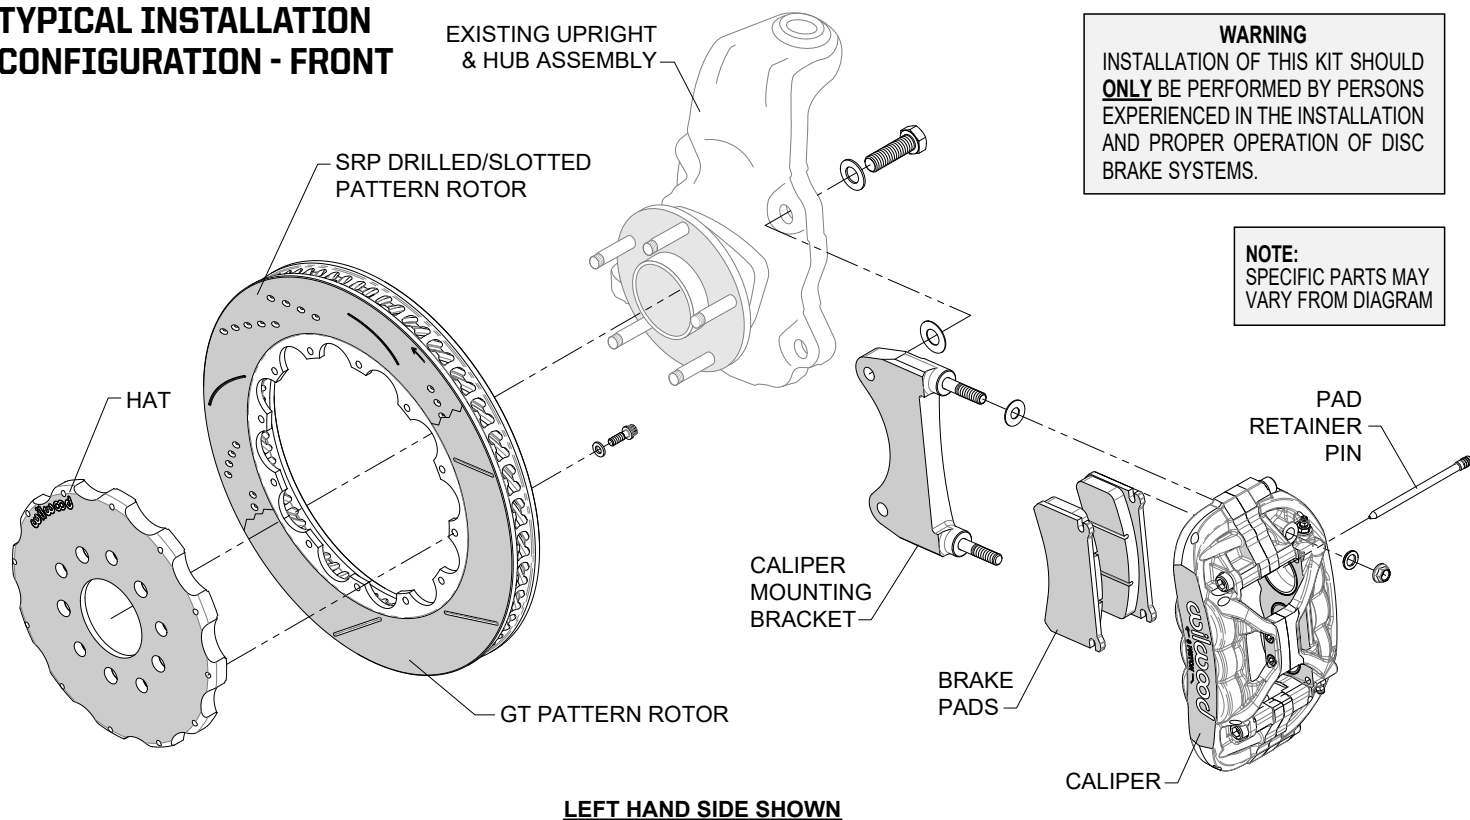

FNSL6R
SRP Drilled & Slotted
Rotor 13.06" x 1.25"
P/N: 140-18531-DR
