14.00" x 1.10" Rotors  
GTB Slotted

## NEXT-GEN PERFORMANCE BRAKING

Our new line of **XRS4R** rear brake kits is now available in configurations engineered to fit rear end axle housings with **Big Ford New Style** ends with a 2.50" offset. The XRS4R is the next generation of hi-tech calipers, combining decades of experience from both race and street performance. Brake kits are available with 12.88" or 14.00" rotors with an option to add a Wilwood EPB (Electric Parking Brake). Choose your caliper color from gloss red or gloss black powder coat.

The XRS4R is a direct replacement for any radial mount **FNSL4R**, so upgrading an older build is as simple as replacing the caliper and pads for immediate performance gains.

### KIT FEATURES:

- XRS4R Calipers with distinctive X-bridge design blends strength with modern engineering
- Two-piece rotor and aluminum hat assemblies are designed for increased thermal/heat dissipation and improved performance and longevity
- Optional EPB (Electric Parking Brake) available in both 12.88" & 14.00" brake kits

### CALIPERS: XRS4R

- 4 piston radial mount with center X-bridge strengthens the caliper body with reduced mass
- Modern computer FEA design, precision CNC machining resulting in a weight of only 4.5 lbs.
- Premium-grade forged aluminum provides a lighter design with more rigidity
- Inherent caliper design allows improved airflow and cooling for increased performance and control
- Available in Gloss Black or Competition Red powder coat with many other color options (additional charges apply)

### ROTORS: GTB Slotted or SRP Drilled & Slotted

- 12.88" GTB or SRP drilled & slotted **Spec37** rotors are 1.10" wide with 48 curved vanes
- 14.00" GTB or SRP drilled & slotted **Spec37** rotors are 1.10" wide with 72 curved vanes
- GTB and SRP rotors are black e-coated for better corrosion resistance

### PADS: BP-10

- **BP-10** street performance pads provide smooth and consistent response with long wear (other compounds available)

### INSTALLATION PARTS:

- Caliper brackets and premium-grade installation hardware included.
- Flexline kits available separately by application
