

FOR IMMEDIATE RELEASE:

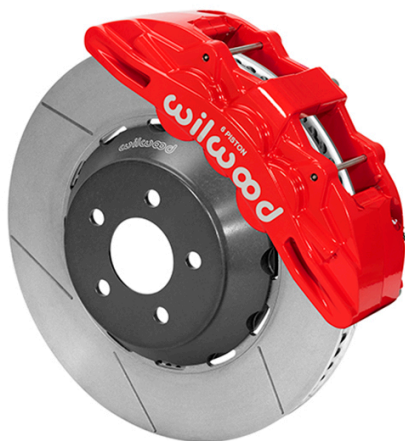

Wilwood Disc Brakes Announces New 6th Gen Chevrolet Camaro Upgrade Brake Kits

Camarillo, CA • October 2018

Wilwood's Speed Xtreme big brake upgrades for 2016-2018 Camaro combine the massive braking capacity of the SX6R forged aluminum six piston caliper with rotors up to 15.00" to create the ultimate super-car-styled brake system. Directional vane iron rotor kits, featuring Wilwood's exclusive **Spec37** competition grade alloy, are available in 14.00" or 15.00" diameters with GT competition series slotted face rotors, or SRP series dual-sport style drilled and slotted E-coat rotors.

For the ultimate in lightweight super-car brake system performance, WCCB 15.00" carbon-ceramic rotors are also available. All kits feature two-piece, full-floating dynamic rotor mounting with forged aluminum hats.

MSRP starts at \$3,780.00.
