

**FOR IMMEDIATE RELEASE:**

**Wilwood Disc Brakes high performance road race brake kit for the 1982-92 Chevrolet Camaro**

**Camarillo, CA • September, 2012**

Wilwood Disc Brakes has recently introduced a front road race brake kit for the 1982-1992 Chevrolet Camaro that features the latest in disc brake technology. This track-tested brake kit meets SCCA specifications for "A" sedan.

Wilwood's road race brake kit offers performance braking solutions for the Camaro. This bolt-on brake kit features Wilwood's forged billet Superlite 4-piston radial mount calipers with Thermlock pistons that clamp down on 12.19" diameter GT slot pattern vented **Spec 37** rotors (optional non-grooved rotors are available to meet NASA CMC rules). The kit, part number [140-12518](#), comes with aluminum hats, mounting brackets, and all necessary hardware for an easy, bolt-on installation. Stainless steel braided flexline kit, part number [220-6856](#) is included with the kit to make for a professional installation.

Wilwood Disc Brakes 15H PolyMatrix high temperature racing brake pads come standard with this kit. Other brake pad compounds for other racing environments are also available.

All of Wilwood's performance brake kits are loaded with cutting edge technology built on years of domination in world motorsports. The Wilwood performance upgrade kit for the Camaro will not only exceed your braking demands, on and off the track, but also enhance the appearance of your third generation Camaro.

For more information contact: Wilwood Engineering at (805) 388-1188 and request to speak with Erika Gordillo for marketing issues, or Andy Fritts for technical questions.
