

**FOR IMMEDIATE PRESS RELEASE**  
**W4AR 14.25" Big Brake Rear Kits for 2010 Silverado**

**Camarillo, CA      October 1, 2009**

[W4AR bolt-on Big Brake rear](#) axle kits replace the factory disc brakes and retain the OE parking brake assembly as a compliment to 18" or larger wheel, tire, suspension, and front brake upgrades on customized vehicles, tow rigs, and all others with increased brake requirements from high GVW. Complete kits include W4AR calipers, 14.25" diameter SV-GT slotted or SV-SRP drilled and slotted performance rotors, steel parking brake drum / hats, matched high-performance BP-10 compound Smart Pads, and radial mount caliper bracket kits with premium grade fasteners to mount the calipers to the stock attachment points.
