

FOR IMMEDIATE RELEASE:

## Wilwood Disc Brakes Releases Rear Drum-to-Disc Brake Conversion Kits for 1988-1998 GM C1500 Silverado/Sierra

Camarillo, CA • December 2023

Wilwood has released new brake kit options for rear drum-to-disc conversions for 1988-1998 GM C1500 Silverado, Sierra, and similar SUVs. Complete bolt-on brake kits provide an upgrade to make trucks safer with improved stopping power. Experience more clamping force, better thermal capacity, and improved pedal feel for more confident braking in daily street performance to heavy-use applications including, hauling, towing, off-road, and commercial workloads.

These rear brake kits include internal parking brake assemblies with a cable connection kit and are compatible with Wilwood front kits, factory ABS, and OE master cylinder. Currently three kits are available in a 5 x 5.00" lug pattern. The 12.19" kit features a forged **Dynalite** four piston caliper with **ULHP** rotors with 32 straight vanes in precision plain face or e-coated SRP drilled and slotted. The 12.88" and 14.00" kits feature forged **Superlite** four piston calipers and e-coated **Spec37** rotors with 48 and 72 curved vanes respectively, in GT slotted or SRP drilled & slotted styles.

Wilwood's BP-10 street performance brake pads and premium-grade hardware are included. Calipers come in gloss red or black powder coat and 22 optional colors (additional charges apply).

MSRP: starts at \$1,277.84

MSRP: starts at \$2,261.76

MSRP: starts at \$2,453.56
