

FOR IMMEDIATE RELEASE:

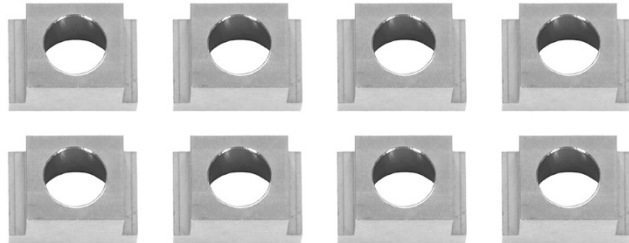

Wilwood Releases New Titanium T-Nut Kits for Floating Race Rotors

Camarillo, CA • September 2021

Wilwood Racing is pleased to announce the release of a new titanium T-nut mounting kit for dynamically mounted rotors that currently use Wilwood's 5/16 threaded T-Nuts.

The weight savings alone are nearly 50% over steel T-nuts. Engineered with a larger surface area to spread braking force between rotor and plate and decrease wear on the mounting plate, increasing service life. The 5/16" through-hole works with customer-supplied nut and bolt.

MSRP: \$87.38

Titanium T-Nuts 5/16" (8pk)
